

Winnipeg, May 21, 2020

Dear parents and legal guardians:

Today, during its press briefing, the Province has announced that we are now entering Phase 2 of its deconfinement plan. This phase will have ramifications in regards to education, as it includes the reopening of DSFM schools as of June 1, 2020.

Although schools will reopen in June, distance education will continue. The reopening will give teachers the opportunity to begin individual student assessments and to meet with students who have not achieved the required learning outcomes. Individual meetings will be by scheduled appointments. You will soon receive more information on this matter.

Please note that we are also working on a September Return to School plan.

For more information, please visit the Government's website: <https://engagemb.ca/>.

Thank you for your collaboration in this matter.

Respectfully,

Alain Laberge  
Superintendent
